

Fully Synthetic

HANABI Lube JX A3/B4

Superior grade gasoline engine
oil for Maximum performance

OVERVIEW

HANABI Lube JX A3/B4 is an advanced engine oil for light duty engines in high performance gasoline and diesel passenger vehicles. It is formulated with high quality base oils and advanced additives of high SAPS level, making it robust in performance and facilitating long drain intervals. The additive ensures performance in all operating conditions, for vehicles from North American, European and Japanese OEMs requiring such oils.

PRODUCT APPLICATIONS

- Suitable for gasoline and diesel-powered passenger cars, RVs, light trucks, and SUVs
- Especially well-suited for passenger vehicles frequently operating under modern start-stop driving conditions

PERFORMANCE LEVEL

- ACEA A3/B4, API SL (5W-30), API SN (0W-40, 5W-40, 10W-40), VW 502.00/505.00

CUSTOMER BENEFITS

Extended Oil Drainage Interval

Outstanding oxidation property prevents the engine oil from losing its viscosity and allows engine oil to be used for a long time.

Maximum engine life

Excellent detergent additives provide noticeable piston cleanliness and better sludge control, providing necessary engine protection and extend engine service life.

High Quality VHVI Base Stock

Superior low temperature properties of Group III base oil make the start-up of engines easy at low temperature. Excellent thermal stability and oxidation stability of VHVI base oil protect suppress oil degradation and sludge formation inside engine.

REMARKS

SAE Viscosity	0W-40	5W-30	5W-40	10W-40
Kinematic Viscosity, mm ² /s @ 40°C	76.3	71.2	91.7	86.4
Kinematic Viscosity, mm ² /s @ 100°C	13.3	12.0	15.1	13.1
Viscosity Index	178	166	174	151
Pour Point, °C	-43	-38	-39	-32
Flash Point, COC, °C	226	240	232	250
Package (Liters)	1T, 4T, 200	1T, 4T, 200	1T, 4T, 200	1T, 4T, 200
